TWW400SPP-TEU

Twinkly Curtain – App-Controlled Smart String Lights with 4000 RGBW (16 Million Colors + Warm White) LEDs. 3 by 2 meters. Clear Wire. Indoor and Outdoor Smart Lighting Decoration.

DESCRIPTION

Show off your colorful side with smart LED lights Twinkly Curtain. Whether you want the perfect mood lighting, are tricking out your gaming room, or are decorating for summer parties, create just the right vibe with Curtain. These premium, app-controlled, addressable LEDs were designed for extraordinary brightness and color quality in over 16 million colors. Perfect for use both indoors and outdoors.

FEATURES

Create the ultimate lighting decorations with smart, addressable LED lights Twinkly Curtain and explore virtually unlimited ways to transform your space with light and color

Enjoy setup in a matter of seconds via Bluetooth® and Wi-Fi, manage your lights with the free Twinkly app (iOS and Android), group multiple devices, set automated playlists, switch your lights on and off, apply timers, dim them and adjust their brightness, and much more

Unleash your creativity with endless preset effects and animations, create your own personalized ones using the FX Wizard on the Twinkly App, or virtually draw effects on your lights with your finger. Use your imagination and any shade, gradient, hue or tint of 16 million colors and white light to create the ultimate decorative lighting

Use your weatherproof lights all year round both indoors and outdoors. Create the perfect lighting for parties with friends, gaming rooms, BBQs, birthdays and any type of celebration

Watch your lights dance to Twinkly Music (sold separately), a smart USB-powered sound sensor that interprets ambient music and sounds in your space and applies synchronized colors and effects to your lights

LONG DESCRIPTION

Show off your colorful side with smart LED lights Twinkly Curtain. Whether you want the perfect mood lighting, are tricking out your gaming room, or are decorating for summer parties, create just the right vibe with Curtain. These premium, app-controlled, addressable LEDs were designed for extraordinary brightness and color quality in over 16 million colors. Perfect for use both indoors and outdoors.

Twinkly lights are easy to configure via Bluetooth® and Wi-Fi and can be voice-controlled with voice assistants Amazon Alexa and Google Assistant. Once you've set up your lights, let the Twinkly App do the rest: it scans and maps each individual bulb, transforming your lights into a personalizable decorative display. You then get to apply virtually endless default effects and animations or create your own personalized ones.

For even more impressive decorations, combine your lights with Twinkly Music (sold separately), a USB device with a built-in microphone that interprets ambient sounds and music in your space and applies matching colors and effects to your lights. And for gamers, Twinkly seamlessly integrates with Razer Chroma™ RGB and OMEN Light Studio to take gaming to the next level with stunning lighting effects that react to gameplay.
