## LONG DESCRIPTION

Light up your Christmas like never before with Twinkly's smart LED Pre-Lit Regal Tree. Whether you want your easiest Christmas tree installation ever, interactive decorations, or more sustainable holidays, look no further than this festive tree. With easy-to-assemble, realistic and high-quality PVC sections, this tree is available with multiple lengths of light strings with various numbers of bulbs and is covered in premium, app-controlled, addressable LEDs that were designed for extraordinary brightness and color quality in over 16 million colors. For indoor use only.

Twinkly lights are easy to configure via Bluetooth® and Wi-Fi and can be voice-controlled with voice assistants Amazon Alexa and Google Assistant. Once you've set up your lights, let the Twinkly App do the rest: it scans and maps each individual bulb, transforming your lights into a personalizable decorative display. You then get to apply virtually endless default effects and animations or create your own personalized ones.

For even more impressive decorations, combine your lights with Twinkly Music (sold separately), a USB device with a built-in microphone that interprets ambient sounds and music in your space and applies matching colors and effects to your lights. And for gamers, Twinkly seamlessly integrates with Razer Chroma™ RGB and OMEN Light Studio to take gaming to the next level with stunning lighting effects that react to gameplay.
