

Mistral

Diseñada por José I. Ballester, es una completa colección de iluminación, que aplica la tecnología LED con eficiente luz y economía de consumo. Sus diseños suaves y agradables albergan los puntos de luz , desarrollando un torrente de luminosidad. Lámparas de diseño circular, sinuosas, lineales, plafones, apliques y sobremesas conforman la colección. Su tecnología electrónica es de total garantía y fiabilidad, aportando una luminosidad eficientemente vestida con sus difusores acrílicos blancos en combinación con el acabado en baño de cromo de sus armazones.

Designed by Jose I. Ballester, it is a comprehensive collection of lighting, which uses LED technology with light and efficient fuel economy. Its soft and nice designs house the points of light, developing a flood of light. Circular design lamps, sinuous, linear, ceiling, wall and desktops make up the collection. Its electronic technology is fully guaranteed and reliable, providing an efficient light dressed with white acrylic diffuser in combination with chrome plating.
